

City are the kings of Lancaster

Lancaster University 3 Lancaster 13

Lancaster University opted to play their home North Lancs League fixture in their own shallow/deep pool as the University players felt they would be much more likely to overcome their local town rivals. The squad was different from the first encounter. With the three 15 year olds, James Alker, Ben Walker and Luke Saul being replaced by veterans Ryzh Detko, Stephan smith and 15 year old Noel Howson. Missing from the team was Jake Starkie who picked up an injury from the previous game.

And although the scoreline was much improved towards the Uni from the earlier fixture between the two sides, the city team still proved far too good for their University rivals. Lancaster took a two goal lead during the first period and never looked back.

The University struggled to open up Lancaster's defence with Robert Simpson, Sam Liver and Steve Smith dominant and, Zak Sly looking comfortable in both the shallow and deep end nets. The rotation of the city sides' players did little to disrupt Lancaster's rhythm and goals were scored throughout the team, with Simpson, daddy Smith, Ellwood and the two Detkos amongst the scorers.

After the game the two teams joined together to finish of the hot weekend with a BBQ and a kick around with a footie.

Teams: Z Sly, M Brown, L Daykin, E Trafford, S Liver, R Simpson, Sam Smith , Steve Smith, D Ellwood, R Detko, S Detko, N Howson
